

Hemp in the West.—A letter from a gentleman in St. Louis, to his friend in Cincinnati, gives the following:

"The most carefully formed estimates of the hemp crop of the Missouri river, give the product this year as, in round numbers, 13,000 tons." Add to this the product of the whole west beside, which may be set down at 17,000 tons, and you have an amount equal to 30,000 tons—from this deduct the quantity used in the west in manufactures, say 12,000 tons, and you have for export from 18 to 20,000 tons, or more than equal to the requirements of our northern exports, and leaving a considerable quantity for export.

The Mayville Eagle, in which we find the above, adds the following:

From the best information we have at our command, we set down the crop of hemp raised the last season in Mason county at 2,600—in the year 1844-45, the crop was estimated at near 4,000 tons. Fleming county, last year, only raised, about 1,000 tons, a falling off of one-half from the two previous years. We have no means of estimating with any accuracy, the amount grown in other hemp-raising counties of the State. We incline to the opinion, however, that the St. Louis letter-writer has overrated the crop of last season. We believe it would have been found inadequate to the demand, and therefore have brought a much higher price than has been paid lately, but for the large amount lying over from the crops of other years, in the hands of individuals who were able to hold on to it, and who would not sell but for a good price.

DYSPEPSIA OF 10 YEARS STANDING.

The wife of Captain Roberts, on Vine Street, near Water, Cincinnati, has been afflicted with DYSPEPSIA in its most aggravated form for the last ten years, was recommended by celebrated physicians of Boston, New York, Philadelphia, Baltimore, and Cincinnati, to travel, as they could do nothing for her. She did so, but it did her no good. She then commenced using the most popular medicines of the day for her complaints, but derived no benefit. Seeing an advertisement of DR. SMITH'S VEGETABLE SUGAR COATED PILLS in the paper, she concluded to give them a trial—sent to G. F. Thomas, Main Street, between Third and Fourth, Dr. Smith's Agent for Cincinnati, and purchased a box, took them according to direction, and can with heart-felt joy state that she derived more benefit from the use of one box of Dr. Smith's Sugar Coated Vegetable Pills, than from any other medicine she has made use of during the ten years. [The above was sent to G. F. Thomas on the third day of December, 1844.]

Dealers furnished at the New York College of Health, 179 Greenwich street, New York, and by Dr. EASTERLY & Co., No. 76 Chestnut street, St. Louis, Mo., General Agents for the Western States. For sale in Fayette, Mo., by Wm. R. Snelson, Druggist, agent. O. HENDERSON, agent for Glasgow.

CAUTION!—As a miserable imitation has been made, by the name of "Sugar Coated Pills," it is necessary to be sure that Dr. G. BENJ. SMITH'S signature is on every box. Price 25 cents.
